

Astreya Deployment Services.

Deliver complete inventory orders
on-time

Today companies face the challenge of delivering complete IT orders on time because of issues with making sure inventory is delivered to the right place, at the right time, and with the right configuration. What's worse, this directly impacts end user satisfaction when partial orders are delivered.

What should you do?

Develop a Bill of Materials to ensure that you are delivering complete orders and providing a positive user experience. Create efficient workflows and governance practices to deploy IT inventory predictably and in a timely manner.

Ineffective
deployment
services results in:

Partial orders because
of incomplete BOM's

Bad customer Service
